PUB HTML5 Crack + Free [Mac/Win]

PUB HTML5 Product Key is a comprehensive and efficient piece of software whose main function is to help you create your own online catalogs, flipbooks or product brochures in HTML5-supported format, with a minimal amount of effort on your part. Straightforward and practical appearance The interface of the program is fairly simple to understand and work with, making experience with similar tools more of an advantage rather than a necessity. The main window displays the contents of the imported file, enabling you to choose the 'Template' and 'Theme' you wish to apply to your flipbook, as well as modify 'Custom Settings', all from a left-side tabbed panel. Effortlessly create and edit digital catalogs or brochures PUB HTML5 Download With Full Crack supports importing data from PDF, TXT and RTF format files, letting you choose the preferred page range, the page quality and size, whether to import links, search, table of contents or use a straight wide page. Once loaded into the main window of Pub HTML5, you can pick a specific 'Template' and 'Theme' for your flipbook, from the available ones, by double-clicking on the preferred item. From the 'Custom Settings' tab, you can modify the book logo, its title, toolbar and icon colors, whether to play a flip sound or show a QR code, as well as multiple other options. Pub HTML5 allows you to publish your catalog or brochure in HTML, ZIP or EXE format, the latter being prepared for burning onto a CD or DVD. Similarly, you can email the file to friends or clients, upload it to a FTP server or save it as a WordPress or Joomla plugin, depending on your needs. A handy online catalog maker To conclude, Pub HTML5 is a complex and reliable application that can successfully assist you in designing and publishing HTML5 flipbooks for your website, enabling you to showcase your products or services in the online environment.
