① A Vast World With a Variety of Locations and Situations ② An Ever-increasing Diverse World The Lands Between is a world in which open fields, wide forests, and huge dungeons coexist. ③ A Complex World with Three-Dimensional Designs The action scenes are filled with three-dimensional designs. There is not a single monotonous cutscene, but a variety of locations that you can freely explore. ④ A Multimedia Story That Originates from Myth The Lands Between is filled with myths about the ancient past. All the scenes feature unique stories, and unique events happen almost every day. ⑤ Serious Online Play with Other Players You can make connections with players via an online element. You can freely interact with other players in an asynchronous mode. ⑥ A Simple and Interesting Matchless Play As a match-based action game in which you take a turn, and the enemy's turn will continue even when you are in the game, your role in the battle changes according to your abilities. ABOUT ELDEN CHANCELAGED GAME ① A Chapter Within the Myth of Tarnished ② A Multimedia Story from the Myth of Tarnished The myth of Tarnished is set in a time when the King of the Elves is killed. The Elves leave the lands they once inhabited and travel to the Land of Darkness. In the meantime, a young elf named Tarnished escapes from the Lands Beyond and pursues his enemy, the demon king. The fate of all of the lands is determined by the actions of a young elf who was once a child who has now become a great lord. ③ An Action Game Based on the Myth of Tarnished The Lands Between is a large-scale action game in which you fight with numerous enemies. There are various maps and you can freely explore them. You can select a map, change your weapons, and craft new weapons according to your play style. Along the way, you make connections with NPCs, gain new information, and have new interactions. ④ Achievements There are achievements available for various in-game achievements. You can pursue your favorite achievement via an online element. ⑤ A Matchless Adventure You can freely explore the Lands Between and change your weapons without paying any money. You can freely craft weapon materials in the shop. ⑥ A Wonderous Universe

Elden Ring Features Key:

Find People Reunited with Their Deceased Grieving Parents Return to the Lands Between via a wandering quest in which you assist other characters in the form of a side quest. As you travel, you will meet other orphans who lost their parents, and you will also be able to meet their grieving parents. It is based on a human drama, but never explicitly shows actual characters. Lost memories of the characters who died during their childhood are restored, and you take on the role as a character with true emotions, while remaining a character with a cool and detached personality.

From the moment of death, Memories of Your Life Blows Up As you progress through the story, the memories of your lost life are rekindled in your mind, making the experience of playing even more emotional.

Amplely Enriched User Interface An intuitive user interface combines with rich functions using beautiful

graphics for a polished experience.
Experience the Lands Between as a Fantasy Adventure This RPG title is rich in visuals and boasts a storytelling technology that enhance the fantasy atmosphere.

"The Elder Scrolls Online is quite simply the best MMORPG I have played in almost 10 years" IGN "The Elder Scrolls Online is the most expansive and mature RPG in the genre" G4TV "TESO may well be the new Skyrim for older gamers... there are certainly elements to it that will appeal to the 30+ crowd" rockpapershotgun.com TESO is coming in 2015. LONG LIVE THE ELDER SCROLLS AND THE DIVINE ARMS! THE UNTITLED LEGEND OF MAHTHAL ZAN 3: THE FORBIDDEN TREASURE ATMOSPHERE & DESIGN • From the Hands of Skyrim and Morrowind's Creators From the developers of Elder Scrolls Online and Skyrim: The Elder Scrolls 3: Morrowind and the Elder Scrolls series were created by Bethesda Game Studios. • A Curated Experience "Morrowind is the truest representation of the Elder Scrolls universe in that it gives players the ability to fully explore the massive content that awaits, and is perfectly designed for both novices and veterans," said Senior Designer David Pittman. "We wanted to take that game and expand on the infrastructure that existed to ensure that when the players reach the fantastic content, it's easy to find and enjoyable to play." The core Elder Scrolls engine was rewritten to feature more than 200 new features across core game systems. Many features have been expanded upon from the original titles, such as increased realism, dramatic gameplay, and camera system that allows players to explore the world like never before. • Vast World Morrowind's world was around 3 times the size of the Elder Scrolls Online world. The stunning visuals reflect this immense and unique geography. Huge open areas provide numerous opportunities for exploration, with beautiful landscapes, biomes, and landmarks. The world also features many new features such as dungeons, caves, and numerous large cities. • An Overwhelming Variety of Creatures Morrowind was created over a span of more than 15 years, allowing the developers to flesh out every corner of the realm, bringing a variety of new creatures to the world. Native creatures and monsters have been given new behaviors, mechanics, and visual styles. Over 15 new races, from orcs and elves to a race of

The Tarnished class has a powerful weapon called Divine Bow that shoots out powerful arrows. By equipping a protective crystal, the Bow will develop strength and protects a large area around you. To enhance this Bow even further, there is a Crystal Shard Weapon. Source: Dengeki I just want to add, that I don't think it's right for a mobile game to use the term "console port" in the title, because a console port really makes no sense to anyone that doesn't own the console it's being ported to (no offense to PC gamers, but it's mostly the console owners that are going to get a kick out of a console port). Why wouldn't it be a mobile version of a console game? They could just as easily call it "PC port" as they could call it "console port". The only reason it probably doesn't say "console port" is because anyone that doesn't own a console probably wouldn't know the difference anyway. On the other hand, "Console" or "PC" are going to be irrelevant to most people here, so it doesn't really matter what they call it. It really does seem to make sense to be a mobile port of a console game because what else would you be talking about if the game was being developed for the PC? That makes no sense. There are games that port to mobile. There is also games that are developed for mobile specifically. The OP posted a picture of the game in question. I called it a console port because the OP called it a console port specifically and
